#### SERVICE CONDITIONS

- The Endless Data-Only plans are restricted to laptops, iPads and tablets and cannot be used on any other devices, including mobile phones, modems or IoT devices.
- Business Fair Use policy applies. Speeds reduced to a maximum of 1.2Mbps after Max Speed data allowance exceeded. For more information and terms, see [one.nz/legal/policy/business-fair-use/](https://one.nz/legal/policy/business-fair-use/).
- If your device is not capable of SMS functionality, you won't receive usage service messages such as data usage, welcome roaming or roaming rate messages.
- Subject to capability of the device you are using, casual pay and go rates apply for TXT and PXT Messaging. These rates can be found at [one.nz/prepay/pay-and-go/](https://one.nz/prepay/pay-and-go/).
- Coverage can be affected by several factors, including radio interference, atmospheric conditions, geographic factors, network congestion, maintenance, outages on other networks and provider sites, the configuration or limitations of your device or other operational or technical difficulties which means that you may not receive some or all of the Service in certain areas or at certain times.
- You are responsible for ensuring that all devices are compatible with the Network (as it evolves) at all times and that each device operates correctly as intended.
- When in New Zealand, data is available for use within the One New Zealand Network only.
- For a daily fee, use your Endless Data-Only plan inclusions and rates in selected Daily Roaming destinations. Usual plan charges apply. A daily fee applies for each day you use data in the Daily Roaming destination (valid until midnight NZ time), up to 90 consecutive days. A Daily Roaming fee and casual rates apply for any usage outside of your Endless Data-Only plan inclusions (e.g. TXT and PXT messaging). Casual roaming rates can be found at [one.nz/prepay-roaming/](https://one.nz/prepay-roaming/). If you are not in a Daily Roaming destination, other rates will apply, see [one.nz/mobile-services/data-angel-overseas/](https://one.nz/mobile-services/data-angel-overseas/). For more information and terms, see [one.nz/business/roaming/](https://one.nz/business/roaming/).
- 5G is live in parts of selected NZ cities, see [one.nz/network/coverage/](https://one.nz/network/coverage/), and requires a 5G device. For more on 5G see [one.nz/5g/](https://one.nz/5g/).
